## IRVINE CHILDREN'S FUND

The Irvine Children's Fund (ICF) was founded in May 1986 as a nonprofit partnership of volunteer business and community leaders dedicated to child care. ICF raises money to support facilities and programs for children attending before and after school child care programs operated by nonprofit providers on all 25 Irvine elementary school sites. ICF has continued to work to provide quality, accessible, affordable child care for children in kindergarten through sixth grade. The child care programs are under the supervision of the Irvine Child Care Project.

ICF has raised \$2,530,606 to meet these before and after school child care goals.

## IRVINE CHILD CARE PROJECT

In 1984, the Irvine Child Care Project (ICCP) was established through a joint powers agreement between the City of Irvine and the Irvine Unified School District (IUSD). Under the direction of ICCP, child care sites are located on all IUSD elementary school sites to provide before and after school child care for more than 2,000 children in transitional kindergarten through sixth grade. ICCP selects and monitors the non-profit child care providers who operate the individual programs

### AWARDS

In 2010, ICCP was chosen as a finalist for the National League of Cities Awards for Municipal Excellence in recognition of this exceptional public-private community partnership.

In 2013, the Irvine Children's Fund was recognized by the Irvine Prevention Coalition and the Irvine Public Schools Foundation for the before and after school child care scholarship program.

### CHILD CARE SITES

Since 1984, child care sites have been established on 24 elementary schools in the Irvine Unified School District. In August 2016, the child care program expanded to 25 sites to include the new Beacon Park school. Having achieved a goal of establishing child care sites on all IUSD elementary schools, ICF directed its fundraising efforts to the provision of scholarships. Funds raised are used to continue to expand and improve before and after school child care on school sites for all children and to provide partial child care scholarships to low-income, working families to make these licensed programs accessible to families needing help.
